MISSISSIPPI STATE FAIR

Dear Fairgoer,

On behalf of the Mississippi Fair Commission and the Mississippi Department of Agriculture and Commerce, we are very excited about the opportunity to welcome you and your family to the 159th Mississippi State Fair! While this is my first Mississippi State Fair to serve as your Commissioner of Agriculture and Commerce, attending the Fair is a Gipson family tradition. My family and I have attended every year since I was a boy, and now my wife Leslie and I have the joy of bringing our four children to the State Fair.

During the 12 days of the Mississippi State Fair, the 105 acre fairgrounds is transformed into an exciting amusement park filled with the most delicious fair food, carnival rides, games, shows and contests. Spectators and participants can find excitement in numerous livestock shows and musical entertainment for all ages from headliner artists.

Make sure to come by one of the most popular stops on the Midway — the Biscuit Booth, for a warm, homemade biscuit compliments of the employees from the Mississippi Department of Agriculture and Commerce. I plan to be there every day from 4 – 6 p.m. to personally meet and welcome you to the Fair.

Make the most of your visit by following the schedule of events and activities in this book. For more information, including concert and event schedules, a map of the attractions, livestock show information, the parked car finder and more, download the Mississippi State Fair's free mobile app. Also, we would like for you to share your pictures and memories on social media outlets and tag the Mississippi State Fair in your posts on Facebook.com/msstatefair/, Instagram @msstatefair and Twitter @msstatefair.

Thank you for letting the Mississippi State Fair be a part of your family tradition this year. We owe a debt of gratitude to all those who dedicate their time and talents in bringing the Fair to life.

In closing, I want to welcome the new Executive Director Steve Hutton to the Mississippi Fair Commission. He has a vision for the fairgrounds he will share with you, as well.

Have a great time at your Mississippi State Fair!

Sincerely,

A handwritten signature in cursive script that reads "Andy Gipson".

Dear Friends:

As Governor of the State of Mississippi, it is my pleasure to welcome you to the 2018 Mississippi State Fair! Each year hundreds of thousands of people come to experience the family fun the fair has to offer.

Whether it's walking down the midway, enjoying the rides, or sampling countless foods from dozens of vendors, the Mississippi State Fair truly has something for everyone. I hope you'll also enjoy the entertainment lineup this year that includes numerous, talented acts that are sure to impress. Each year the staff that puts on the fair works countless hours to put it together, and they are to be commended again this year for another wonderful event.

Again, I welcome you to this year's fair and wish you a safe, enjoyable time!

Sincerely,

12. **Stall Reservations.** Insofar as possible, shelter will be provided for breeding stock brought in for exhibition. Space will be reserved in accordance with exhibitor's indication on the entry blank and in the order in which the entries are received in the State Fair Office.
13. **Cattle shall not be tied out of barns before 5:00 p.m.**
14. **Erroneous Entry.** Exhibits that have been erroneously entered may be transferred to their proper class prior to judging, upon application to the Superintendent, who will determine the matter upon its merits. If such classes have been judged, however, they shall not be reopened.
15. **Substitutions.** No person having entered anything for competition will be allowed to make substitutions of animals or otherwise change the entry after ten days prior to the opening day of the show, except as noted in the preceding rule or except in case of death of the animal entered.
16. **Veterinarians.** A list of qualified local veterinarians will be posted in the Livestock Office (Barn 14) or at gate 14 at livestock check in office. Each exhibitor needing the services of a veterinarian is required to call the one of his choice, and be responsible for such call.
17. **Diseased Animals Barred.** Special care will be taken that no animals having a disease of any character will be admitted on to the show grounds at any time, and the Mississippi Fair Commission Livestock Director is instructed and authorized to refuse unloading privileges to any stock having a disease or undesirable ailments.

18. **Care of animals.** All owners of property or livestock, or others having same in charge, shall care for, guard, protect, and preserve the same, as the Mississippi State Fair does not undertake to do so, and it shall not be held responsible for any loss or damage to said property or the owners thereof.
19. **Care of Stalls, Pens & Aisles.** All stalls, pens and exhibition places must be cleaned before 9:00 a.m. each day, and refuse matter disposed of as the Livestock Director may direct. It is the exhibitor's responsibility to keep the aisles behind his animals clean.
20. Positively no smoking will be permitted in the show barns or arena.
21. **Uses of Blankets.** Exhibitors are requested to leave blankets and covers off their stock after judging day. If weather conditions necessitate the use of blankets on livestock, permission must be obtained from the Livestock Director to leave blankets on livestock.
22. **Showing the Adjudication.** All exhibitors must bring into the area for adjudication any animal or animals properly entered in any show class and passed upon by the Sifting Committee as eligible for competition, unless the reason for their nonappearance in the ring is acceptable to the Superintendent in charge. All single breeding cattle and steers for exhibition must be shown with halter.
23. **Signs.** Livestock exhibitors are permitted to display appropriate signs over each exhibit advertising their own herd. All other forms of signs or advertising must be approved by the Management, and it reserves the right to have objectionable signs removed. Commercial signs (such as feeds, minerals, stock medicines, etc) will not be permitted anywhere in connection with livestock exhibits unless approved by Fair Management.
24. **Objectionable Exhibits.** The Management reserves the right to remove from the grounds any exhibit, animal, stand or show that may be falsely entered, or may be deemed unsuitable or objectionable, without assigning a reason therefore, and, if necessary, to return any money already paid for space or stalls which will exonerate the Fair from any claim whatsoever on the part of the exhibitor or purchaser.
25. **Protests.** All protests must be made on official protest form available at the livestock manager's show office. Protests must be made and signed by the person(s) protesting. The protest must designate the exhibitor and animal involved and the specific rule or regulation that the exhibitor and/or animal is violating. Protests not requiring carcass inspections and/or laboratory tests must be accompanied by a \$100.00 cash deposit (which will be forfeited, if protest is not sustained) and submitted to the show manager before official placings of the class involved are announced. Protests concerning unethical procedures, the basis of which requires inspection of hide, carcasses, and/or laboratory tests be accompanied by a \$500.00 cash deposit (which will be forfeited if protest is not sustained) and submitted to the show manager within one (1) hour after the end of the show involved.
26. **Accepted Entries.** In all cases, the Management reserves the right to reject to accept any entry, and does not guarantee space in the show barns to any entry, as it is intended that only such animals shall be entered and shown as having merit, and will be a credit to both the exhibitor and the Fair.
27. **Selection of Judges.** The single judge system is the policy of this Fair, and, in every case, the judge is selected with the utmost care.

MISSISSIPPI STATE FAIR

28. **Time of Judging.** The time during which the judges will pass upon the different classes will be announced, as early as possible, in the Catalog, which may be obtained at the Livestock Office upon arrival at the show. Exhibitors should ascertain at which time the exhibits entered will be judged. Any exhibit not presented promptly on scheduled time will be ruled out and barred from competition in the class called. No complaint or protest will be heard on the ground that the judging Program as published in this Premium List will be followed as closely as possible.
29. **Method of Awarding.** No animal will be awarded a prize unless removed from its stall or pen and exhibited before the judge in the show ring.
30. **Ribbon Awards.** The color of ribbon-designated awards are as follows: Blue, first; Red, second; White, third; Pink, fourth; Yellow, fifth; Dark Green, sixth; Light Green, seventh; Royal Purple, champion; Lavender, reserved champion.
31. **Decision of Judges Final.** The decision of the Judges will be final in all cases, except where mistakes, fraud, misrepresentation or collusion, not discovered at the time of the award, is proven. In such cases the General Co-Manager, or such referee as he may appoint, may make a decision, or the case may be referred to the Rules Committee from whose decision there can be no appeal.
32. **Objections to Judges.** Objections to a person serving as judge must be submitted to the Fair Management in writing prior to making any awards, giving good and sufficient reason and therefore, upon which the Management will have full power to act.
33. **Interference with Judges.** If any exhibitor, in any way, whether in person or by agent or servant, interferes with the judges during their adjudication, or shows any disrespect to them or to the show, the management may demand a proper apology from such Exhibitor, or it may exclude him from competition and from the ring, and may also withhold from such exhibitor premiums that may have been awarded.
34. **Animals Disqualified.** Should any animal awarded a prize be disqualified, the animals gaining the lower prize shall graduate up to the next higher positions, if, in the opinion of the judges, the animals are worthy of such prizes.
35. **Interpretation and Violation of Rules.** The Fair reserves to itself the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions and differences in regard thereto, or otherwise arising out of, or connected with, or incident to, the Fair, and the right to amend or add to these rules as its judgment may determine. An exhibitor who violates any of these rules will forfeit all privileges and premiums and be subject to such penalty as the Fair may order.
36. **Liability.** All exhibits will be under the control and direction of the Fair Management, but the Fair will in no case be responsible for any loss, injury or damage that may occur. Each exhibitor will be solely responsible for any loss, injury or damage done to, or occasioned by, or arising from any animal or article exhibited by him and for its description as given in the catalog. He shall indemnify the Fair against all legal or other proceedings in regard thereto, as well as damage or injury to any other person or property, caused by the exhibitor or any of the animals exhibited by him, or arising out of, or in any way connected with such exhibition or any of the animals so exhibited.

Drug Use Rule **(as adapted from the National Code of Show Ring Ethics)**

Legal or illegal substances used to physically alter the appearance, behavior, and/ or performance of an animal entered in livestock events is prohibited. Performance enhancing drugs (including, but not limited to; steroids, diuretics, anti-inflammatories, tranquilizers and pain killers) may not be administered 5 days prior to showing the animal. However, at the Mississippi State Fair Junior Dairy Show and Dixie National Junior Round-Up Junior Dairy Cattle and Junior Dairy Goat Shows, a veterinarian from MSU's College of Veterinary Medicine or the State Veterinarian or a veterinarian designated by the State Veterinarian, may administer medication(s) he or she deems necessary to treat an acute health condition in a lactating and or pregnant dairy heifer, cow, doeling or mature dairy goat and the animal be allowed to show provided that: (1) the treating veterinarian determines that showing the animal does not place the animal's health or the health of other animals at risk and does not mask any pre-existing condition that could otherwise alter the gait or performance of the animal, and (2) after all entries in the class in which the treated animal is to be shown have entered the show ring and before judging begins there shall be an announcement made on the show ring's public address system to all entries in the class and to the judge stating which animal(s) has(have) been treated if any of the medication(s) administered is (are) considered potential "performance enhancing drug(s)." The exhibitor and exhibitor's parents and/or guardians agree that:

MISSISSIPPI STATE FAIR

- (1) They are absolutely responsible for the care and custody of their animals.
- (2) The Show Management Committee of the Mississippi State Fair shall be entitled to disqualify any animal and/or exhibitor that tests positive for any drug, even if the exhibitor and the exhibitor's parents or guardians are innocent of any wrongdoing and did not administer the drug to the animal.
- (3) The drug test results of the testing laboratories are final and binding upon the exhibitor and the exhibitor's parents and/or guardians. Even if the source of the drug is unknown, the Show Management of these livestock shows shall be entitled to disqualify the animal and/or exhibitor.

By entering an animal in a state-sponsored show, the exhibitor and their parents/ guardians acknowledge that they have read these above stated Drug Use Rules and agree to abide by them.

Violation of Drug Use Rule

Use of illegal drugs is considered a pre-meditated act! Any information obtained on the practice of illegal alteration of an animal will be turned over to the proper authorities for criminal prosecution.

The use of animal drugs or other substances in any manner other than in accordance with the labeling approved by the Food & Drug Administration (FDA), the United States Department of Agriculture (USDA) and/or the Environmental Protection Agency (EPA) is a violation of federal law. Any animal that exceeds acceptable levels established by the appropriate regulatory agencies, such as the USDA, FDA and EPA, will be in violation of these rules and appropriate action will be taken. For all drugs or medications given to market animals, the recommended and/or established withdrawal times for that drug must be strictly followed.

Violation of the Drug Use Rule will result in the disqualification of the animal being shown and may result in disqualification of the exhibitor. Disqualification of an exhibitor is a "ONE STRIKE AND YOU ARE OUT POLICY!" Violations of the Drug Use Rule may also result in an exhibitor forfeiting any premium, awards, or auction proceeds and being prohibited from further competition at officially sanctioned livestock shows in Mississippi, as well as being subject to criminal prosecution if proven guilty. A second offense in the same immediate family may result in the barring of the entire family of the exhibitor from further participation in any state supported livestock show.

Mississippi Livestock Exhibition Health Form

All exhibitors at the Mississippi State Fair or Dixie National Junior Round-up Livestock Show shall document the use of any drugs and/or medications administered to animals entered into these livestock shows by using the appropriate animal health forms from the MSU Extension Service. All animals exhibited at the Mississippi State Fair must be accompanied with a completed Mississippi Animal Health Record Form when they are processed at the show. Animals treated with any medication within 60 days prior to or during the Mississippi State Fair, including, but not limited to, over-the-counter medications, medicated feeds, dewormers, prescription medications, and extra-

label drug use medications, must have a completed health record form listing all products and treatments received, including recommended or established withdrawal times for each product. All exhibitors shall document the use of any drugs and/or medications administered to animals entered into these livestock shows by using the appropriate animal health forms from the MSU Extension Service.

Treatment of Animals on the State Fairgrounds

No medications or substances, as well as tools or equipment used to administer medications or other substances, are allowed on the property known as the Mississippi State Fair Grounds during the Mississippi State Fair and Dixie National Junior Livestock Shows, except those in the possession of a licensed veterinarian.

At any time after an animal arrives at the Mississippi State Fair or Dixie National Junior Round-Up Livestock Show premises, a licensed veterinarian shall administer all treatments involving the use of drugs and/or medications **ONLY** after consultation with and in the presence of a MSU-CVM veterinarian and a written medication record must be filed with the Livestock Show Management Office. Animals treated with performance-enhancing drugs (including, but not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers) while on the show grounds are ineligible for competition based on the Drug Use Rule.

There shall be a licensed MSU-CVM veterinarian on call during the above-mentioned livestock shows. The appointed MSU-CVM veterinarian on call will be available on the fairgrounds during specified hours as posted outside the veterinarian office in Barn 15. Parents or guardians of the exhibitors will only be responsible for the cost of medications.

Extra-label Drug Use Information

Any deviation from approved label indications for disease treated, species of animal, dosage, route of administration, duration of administration, etc. constitutes “extra-label” drug use. All extra-label uses (including use in a non-label species) of medications must be by or under the direction of a licensed veterinarian in order to comply with FDA guidelines for extra-label drug use. Federal regulations prohibit animal owners from administering medications in any manner not consistent with the approved label.

Veterinarians should follow the criteria outlined by the Animal Medicinal Drug Use Clarification Act (AMDUCA) when using extra-label drugs on livestock. This requires that the veterinarian identify the animal treated, the condition(s) being treated, the name and active ingredient of the drug used, along with its dosage and appropriately extended withdrawal period. Withdrawal periods for extra-label drug use may be obtained from the Food Animal Residue Avoidance Database (FARAD). Forms to properly document extra-label drug use are available from the MSU Extension Service county offices.

Unethical Fitting shall include, but not be limited to:

- A. Any injection of air, gas, liquid, solid or any other foreign material under the hide or into the muscle.
- B. Surgery of any kind to change the natural contour or appearance of the animal’s body.
Not included are the removal of warts, teats, horns, docking of tails, trimming of

- hooves, clipping of hair or wool or any medical practice deemed necessary for health reasons, performed and verified by a veterinarian.
- C. Use of any product, such as but not limited to, ice, ice water, alcohol, aerosol coolants, ether, ice packed towels, wet towels, etc., and any other abnormal/artificial procedure or practice to change the degree of firmness, muscle tone or mass and/or weight of the animal.
 - D. Any attempts to disrupt or change normal dental development.
 - E. No dyeing, coloring or color masking products shall be used as grooming products. Not included are the dressings applied to horns and hooves.
 - F. Use of any illegal substance or procedure that results in condemnation of the carcass.
 - G. Any use of the added hair or added material, natural or manmade. This includes, but not limited to, artificial tail heads, polls, switches and gluing of natural hair to any part of the body.
 - H. Striking an animal to cause swelling.
 - I. Drenching or administering substances internally or treating an animal, externally with an irritant, counterirritant or other substance used to artificially change the natural conformation or appearance of the animal or to cause swelling or change in contour or handling qualities for show is considered unethical, inhumane, and is prohibited. However, if an animal requires treatment at the recommendation of a veterinarian, this treatment must be done in the presence of the MSU-CVM veterinarian as outlined above and must be added to the animal's health record form.
 - J. Balancing the udder by any abnormal means including the use of a mechanical contrivance or the injection of fluid or drugs, setting the teats and/or occluding (sealing the ends) with a mechanical contrivance or with the use of chemical preparation, treating or massaging the udder or its attachments with an irritant or counter-irritant will not be permitted. The use of common products such as fly spray, ointment or liniment in excess to the extent that it is irritating is included as an irritant.
 - K. Do not misrepresent the age of the animal for the class in which it is shown. Commercial heifers must follow the tooth rule as stated in the premium book of the show. Birth dates, transfer dates and other information on registration certificates of registered animals must be correct.
 - L. Exhibitors, groups or any individual switching animals at any time, and changing ear tags or other forms of identification will be barred from showing and will forfeit all prizes, premiums and sale money.

 3. Exhibitors, leaders and agents should present a positive image for the junior livestock program and dress accordingly in the show ring. All exhibitors are required to wear collared shirts, which must be tucked into pants or knee-length skirts while exhibiting in the show ring. No T-shirts, sagging pants, sandals, halter or open front tops or other inappropriate type attire will be allowed in the show ring.

4. Each exhibitor shall clip, groom, and dress his/her own animal throughout ownership period and while at the Mississippi State Fair. However, an exhibitor may be assisted in the clipping, grooming or dressing of his/her animal by his/ her immediate family (limited to parents, legal guardians, grandparents, brothers, sisters, aunts and uncles), county extension agents, agricultural educational teachers, other eligible 4-H or FFA exhibitors or volunteer leaders (un-paid), who are permanent residents of Mississippi and are officially certified by the county extension agent or agricultural education teacher. It is unethical to pay anyone to assist in grooming or fitting of animals. In addition, exhibitors and their animals may attend dressing, grooming and showmanship workshops or clinics where experienced persons may teach exhibitors how to prepare themselves and their animals for shows. However, no animal to be shown at any of the shows shall be taken to any such workshop or clinic within 10 days prior to the show at which the animal will be shown. An educational workshop or clinic is defined as a group training session which is available to all exhibitors within a certain county, area or district. Such educational workshops or clinics may consist of lectures, demonstrations, and hands-on experience by the participants. This rule does not apply to the removal of horns or the trimming of hooves.

Exhibitor's age is determined by the exhibitor's age on January 1st of the preceding calendar year in which the show is held (not necessarily age on show day.)
7. All livestock entries must be made by the exhibitor's supervising Extension Agent or FFA Advisor. Entry instructions will be provided to the Extension Agents and FFA Advisors prior to deadlines.

Pittsboro	Tuesday, December 11 (8:00 a.m. to 12:00 p.m.)
Raymond	Wednesday, December 12 (8:00 a.m. to 12:00 p.m.)

Exhibitors are allowed to attend the location that is most convenient for them. Exhibitors that are traveling to a site outside of their district should notify the ADS Office to make them aware of this.

15. All animals in junior division must meet health requirements governing admission of livestock entering fairs or livestock shows. Official Health Certificates will be checked on all breeding and market animals by the Mississippi Board of Animal Health. If papers are not in order, animals cannot be unloaded.
16. All animals must show a reasonable amount of fitting to be eligible for premium money.
17. All junior exhibitors showing bulls must use a nose lead or the animal cannot enter the show ring. Exhibitors are required to use a permanent nose ring in their bulls at the Mississippi State Fair. All junior exhibitors with a bull must use a nose lead on the bull at any time the animal is moved from the stalling area while on the fairgrounds. The only exception to having a nose lead in place is while being tied in the stalling area with a halter and neck rope. Nose leads are not required for heifers or steers and are not allowed for showing heifers or steers.
18. All beef and dairy cattle (beef breeding, commercial beef heifers, commercial dairy heifers, purebred dairy cattle and steers) will be shown with a leather or nylon show

MISSISSIPPI STATE FAIR

- halter in the show ring. No rope halters or rope leads will be allowed by exhibitors in the show ring.
19. Any beef breeding animal not having a legible tattoo, correct tattoo or brand will be disqualified.
 20. If a breed (breeding or market) shows fewer than 10 animals for 2 consecutive years, then that breed will lose its separate classification and be shown in the other breeds classification. If a breed shows 10 or more for 2 consecutive years, then that breed will receive a separate (breeding or market) classification.
 21. Protests: All protests must be made on an official protest form available at the livestock show office. Protests must be made and signed by the person(s) protesting. The protest must designate the exhibitor and animal involved and the specific rule or regulation that the exhibitor and /or animal is violating. Protests not requiring carcass inspection and/or laboratory tests must be accompanied by a \$100 cash deposit (which will be forfeited, if protest is not sustained) and submitted to the show manager before official placings of the class involved are announced. Protests concerning unethical procedures, the basis of which requires inspection of hide, carcasses, and/or laboratory tests must be accompanied by a \$500 cash deposit (which will be forfeited, if protest is not sustained) and submitted to the show manager within one (1) hour after the end of the show involved.

All decisions of the Rules Committee are final.
 23. No adult, other than ring man, show officials, and judge, are allowed in show ring.
 24. Exhibitors must show their own animal or animals. The only exceptions are in cases where the exhibitor has more than one entry in the same class, is showing in another breed or specie at the same time, if the exhibitor is physically disabled (illness or injury) at the time of the show, or in case of the death of a junior exhibitor after the ownership deadline or in the case of death of an exhibitor's immediate family member (father, mother, brother, sister, grandfather, or grandmother). In such cases, the exhibitor or parent may request a substitute show person. It is the responsibility of the parents, adult leaders, 4-H agents, and FFA instructors, not only to see that their exhibitors abide by these rules, but that others do so also. All exhibitors must report to the class make-up area, whereby animals and exhibitors are checked to determine that the owner is showing his/her own animal before they enter the show ring. It is the responsibility of exhibitors to know when they must be in the make-up area or show ring. Not hearing or understanding class calls, etc., is not an excuse for missing one's heat or class. The PA system is used to help the show move as smoothly as possible, but it is only a courtesy.
 25. Exhibitor or parent requesting a substitute show person must make such request to show management before time of class and complete a request form available at the livestock office. This form must be completed and presented to show management prior to animal entering the holding area. Substitute show person must be another junior exhibitor. Failure to present request prohibits animal from showing.
 26. Animals which are not properly trained and under the control of the exhibitor may be dismissed from the show ring.

27. Where a heifer has calved and the calf is exhibited with its dam, the calf must be on halter and under control of the exhibitor or the exhibitor's assistant.

29. Exhibitors must show their own animal in showmanship classes and animals must be properly entered in show.

31. Straw is not allowed for bedding beef and dairy cattle in the stalls. All cattle will be bedded on bedding material furnished by the Mississippi Fair Commission.
32. Any exhibitor or parent who individually, or through some other person, violates any of the show rules and that violation is upheld by show management and the rules committee, may be subject to forfeit all premium money, may be barred from participation in future shows, and to such other penalties that show management and the rules committee may deem in order.
33. Arrival and release times are determined by show management and the Mississippi State Fair Commission in an effort to make the best use of available space and to provide the best possible show for all exhibitors, and the general public. Exhibitors are expected to keep their livestock on display until designated release time.
34. Decisions of judges will be final.
35. Ribbons will be awarded as designated in the catalog.
36. Exhibitors of livestock, to be eligible to receive premiums, will, upon request of the show management, permit use of their animals for scheduled judging contests.
37. No tie-outs of cattle permitted until 5:00 p.m. each day.
38. Barn Rules: Exhibitors of livestock are required to keep the area occupied by them (stalls, pens, aisles) neat and attractive in appearance. Area must be cleaned before 9:00 a.m. each day. The show arena is to be used only for showing and exercising animals. No tying out or feeding of animals in show arena is allowed. Also, no animals are to be fed or tied out in area next to arena or along walkways. Exhibitors who violate these rules are subject to penalties as outlined in Rule 33.
39. No scooters, roller skates, roller blades, skate boards, bicycles or motorized scooters will be allowed in the barn except for equipment for the handicapped.
40. No electric power generators are allowed in the livestock stall barns.
41. A committee will be formed to select judges for the Mississippi State Fair and Dixie National Junior Round-Up. The committee will consist of the following members: Chair of the committee is the Head of the MSU Department of Animal and Dairy Sciences; an appointed MSU Extension Service employee; an appointed FFA Advisor; and the MS Fair Commission Livestock Director. This committee will be known as the Judge Selection Committee. Judges will be announced for both shows from this committee by April 1 each year unless the date is extended by a vote of the Judge Selection Committee. If a judge is unable to serve, the Judge Selection Committee has the authority to hire a replacement judge.
42. Exhibitors may use fans on racks above the cattle provided the fans are firmly affixed to the rack. These fans may be mounted to blow toward the front, side or rear of the animal. The fans must be mounted high enough for the animal to pass freely under the fan(s) without contacting the bottom of the fan(s) in order to prevent a hazard to persons or animals. Persons using fans assume all responsibility.

MISSISSIPPI STATE FAIR

43. All aisles must remain open for safety and ease of moving animals in the barns.
44. No dogs are allowed in any barn or building on the show grounds. Exception: Dogs which are aiding the handicapped.
45. As a condition for participation in state supported shows, each exhibitor and his/her parent(s) or guardian(s) must agree to allow any employee of the Mississippi Department of Agriculture and Commerce, Board of Animal Health, Extension Service or an FFA Advisor to inspect the exhibitor's show animal(s) after the ownership deadline date at any reasonable time without advance notice, provided, however, that the exhibitor, parent or guardian, or property owner be present. If the animal is not at the physical location listed on the nomination form, without justifiable cause, the animal is subject to disqualification following a review by the Rules Committee.
46. Mississippi youth livestock shows must adopt any breed association's rules regarding fitting and grooming provided that the particular breed appropriates funds for premiums to the junior livestock show. It is the responsibility of the exhibitor to know and follow the breed association's fitting rules for the breed that they are showing.
47. All cattle must be tied in assigned area in the barn from 8:00 a.m. to 5:00 p.m., except cattle that are being groomed, washed, exercised or shown. No cattle are to be tied in alleyways, walkways or show arena. All other livestock must remain in their assigned pens except animals that are being washed, groomed, shown, or exercised. Animals taken to be exercised must remain in their assigned barn or in their respective show arena. After entering the show grounds, at no time will animals be allowed in a trailer except for loading to leave.
48. Only junior exhibitors may compete in the Mississippi State Fair Junior Livestock Shows. There will be no exceptions to this rule.
49. Exhibitors must declare the show weight of all steers, lambs, hogs, commercial beef heifers, wether dams, goats and commercial meat goat does that are to be shown at the Mississippi State Fair. Certified scales will be available at times set by show management as outlined in the schedule. If the animal's weight does not come within the required weight range, they cannot show. This includes animals that are underweight as well as those that are overweight. There will be no reweighs on animals failing to meet weight range on first weighing.
50. The first and second place animals in each class of market animals and commercial breeding heifers will be required to weigh back as soon as possible after their respective class. The animal must weigh within 5% of the average or it will be disqualified. Animals will be weighed once (no re-weighs). If either or both, of the first or second place animals are disqualified, weighing through the order of the class will continue until an official first and second are determined. Show management will designate an individual to accompany each animal and exhibitor to the scales for weigh back.
51. Exhibitors will be expected to furnish feed and necessary equipment.
52. Individual exhibitors at the Mississippi State Fair are limited to three entries in each class.

it worthy to be a champion, the animal should be awarded the champion award for that breed/division and be allowed to compete in the Supreme drive.

The American Angus Association®, 3201 Frederick Avenue, St. Joseph, Mo., will participate in premiums offered in individual classes for junior Angus heifers, as included in its standard show classifications, according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of fifteen (15) head must be shown in the junior Angus heifer classes to receive American Angus Association premium participation. The show is not required to have all classes to be eligible for premiums.

Separate classes for bred and owned heifers may be held if the size of the show merits a separate class.

To be eligible for Association premiums the entries must be recorded in the sole name of the junior exhibitor and the issue date on the registration certificate must conform to the individual show's requirements regarding ownership. The Association's contribution is included in the total premiums listed in each class.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay on premiums offered in championship classes. An animal may only be counted one time toward the total count for premium participation by the Association.

Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark

(ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/ branded) and rechecked at the show.

Any female shown with a calf at side: the calf must be the cow's most recent natural calf, and the calf must be registered by show day and have proof of registration at check in.

Only one person at a time shall lead an animal into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 810. These rules can be found at www.angus.org.

Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated line up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

MISSISSIPPI BRED SWINE CONTEST

The Mississippi Pork Producers Association (MPPA) sponsors a MS Bred Swine Contest to encourage youth exhibiting pigs to purchase show pigs from local producers.

1. Only swine producers residing in Mississippi can participate in this program and this program is open to all producers in Mississippi. Only the person who produced the pig can order MS Bred tags and nominate those pigs as MS Bred. Each producer is responsible for ordering his/her tags, tagging the pigs and certifying the tagged pigs by sending the signed nomination form to MPPA. All Mississippi Bred pigs must be tagged with an official MPPA tag before leaving the farm and no later than the show deadline date or date established by MPPA.
2. A MS Bred pig must be conceived, farrowed and raised in Mississippi in order to be nominated. This means the sow or gilt must be bred in Mississippi, have the pigs in Mississippi and the pigs must be raised in Mississippi to be eligible for the MS Bred contest.
3. Failure to properly nominate pigs sold as Mississippi Bred, or nomination of ineligible pigs, or the misuse of Mississippi Bred tags will subject the Swine Producer to penalties set forth by MPPA.
4. The MS Bred premiums are funded with Producer checkoff funds. The MS Pork Producers Association reserves the right to cancel the premiums or adjust the amount of premiums pending the availability of checkoff funding.
5. The MPPA and Mississippi Bred Swine Awards committee reserves the right to interpret, amend and carry out the rules and regulations governing the Mississippi Bred Swine Awards sponsored by the MPPA.
